

DOG N BUTTERFLY[®]

The Heart Experience

ABOUT THE BAND:

Created in 2003, DOG N BUTTERFLY has been performing Heart's memorable music of the 70's & 80's at casinos, festivals, and concert venues throughout the U.S for over 15 years. With their dynamic stage show and retro-inspired costumes, they mesmerize crowds with their uncanny likeness to Heart everywhere they perform. And DOG N BUTTERFLY is the ONLY Heart tribute endorsed by ANN & NANCY WILSON for their authenticity. So much so, that they have even performed with Heart's founding Lead guitarist ROGER FISHER and bassist STEVE FOSSEN! Audiences agree that Dog N Butterfly takes the concept of "Tribute" to a whole new level!

LIZANN WARNER: *As lead vocalist, Lizann's portrayal of Ann Wilson is both eerie and unparalleled. Her voice sounds so much like Ann Wilson, that she was hired by Activision to record "[BARRACUDA](#)" for their hugely popular game "GUITAR HERO 3", and likewise hired by Konami to record "[MAGIC MAN](#)" on their game "Rock Revolution". Lizann's additional vocal credits include multiple TV ad jingles including "[MY BLUE HEAVEN](#)" for Sandals Resorts, airing on all major networks including CNN, FOX NEWS, and MSNBC.*

DESHA DUNNAHOE: *The part of Nancy Wilson is performed by Desha (pronounced "De-shay") Dunnahoe. A talented vocalist & musician with a bachelor's degree in music from Cal State University of Long Beach, Desha demonstrates her skills as a multi-instrumentalist by performing effortlessly on both electric and acoustic guitars and mandolin. A gifted composer and orchestrator as well, Desha teaches young music students for the city of Long Beach's unified school district and has numerous composition and orchestration credits on TV, films, and Video games.*

"Your recreation of music, photo sets, and style are amazing. What a truly dedicated tribute band. Proud that we influenced you in such an intense way. We are truly honored, humbled and proud!!!" – Ann & Nancy Wilson of HEART
